Groping through the storm, the Klowa went aground Saturday night: ten miles west of Grand Marias, Mich.

Sunday morning, Capt. Alex Young, of Duluth decided to launch a life boat to get ashore. The little craft capsized, throwing him, the stewart, wheelsman, watchman and porter into the water. A sixth man was believed to have been carried out into the lake with the boat, and it was his body, found yesterplight. His companions were believed dead.

During three and five minute semi-weekly meetings since September 23, the total of bills introduced exceeded 5,000, and if house members are as prolific as usual in proposing legislation their number will be swelled to nearly 25,000 before the end of this congress.

Ten annual supply bills, being prepared by the house appropriations committee, a resolution to bring about a \$160,000,000 tax reduction on 1929 incomes, and a measure to ratify the agreement on the \$4,000,000,000 French wardebt, stood-at the head of the program for major legislation drawn up by party leaders.

### THEATRE BURNED **BUT ALL PATRONS ESCAPE UNHARMED**

ATLANTIC, Iowa.. Dec. 2.—(I)—
Fire which broke out in the Atlantic theatre during a performance last night, causing damage estimated at between \$50,000 and \$65,000, destroyed the building, but did not gain headway until its patrons, numbering around a thousand, had quietly walked out.

A panic was believed to have been prevented when Hilton Frost, first person to notice the blaze, told the crowd the theatre was on fire, but urged them to walk quietly to exits. Clarence Lay, machine operator, continued showing the picture until the screen crumpled. He was partly overcome by smoke.

The fire was believed to have been caused by an overheated furnace.

FACTION-SPLIT SENATE AND REPUBLICAN CONTROLLED HOUSE FACE WORK

BY CECIL DICKSON

(Associated Press Staff Writer.)

WASHINGTON, Dec. 2...(?)—With a faction split senate and a republican controlled house, the seventy-first congress assembled today for a session beset by difficulties over tariff revision and other controversial legislation that may keep it working until next June when the biennial congressional elections get under way.

Kenyon Island, where the slaying occurred, is a desolate 500 acre tract where the river forks before entering San Antonio Bay. It is covered with a dense semi-tropical growth. Local legend has it the rendezvous of Spanish pirates, and also the site of a Hindu colony some 50 years ago.

Robidoux, born in the Dakotas and of French Canadian descent, came there two years ago to raise muskrats. He maintained a small still on the island, but declared he manufactured liquor only for his own use. This liquor he offered to the Moore boys while they cat in his kitchen. They were affected by the liquor, a fight, between the brothers and Robidoux was drawn into it.

### **SCHMIDT DEVOTING ATTENTION CAGERS**; AFTER 2ND TITLE

TAKE WILSON LEADS CON-FERENCE SCORERS: LE-LAND IS SECOND

(By The Associated Press.) With his first Southwestern Conference title tucked safely under his belt, Francis Schmidt, Frog mentor, turned his attention basketsoon as possible, which is today. It is his ambition to give the Christians two major sport titles in his first year. Basketball, not football, is his specialty.

By virtue of their 7-7 dec. ball, with the announced in-

By virtue of their 7-7 deadlock with Southern Methodist in Saturday's bitter battle at Fort Worth, the Christians finished their schedule with nine victories and a tie. Their puissant scoring machine, featuring Cy Leland and Howard Grubbs, chalked up 209 points. Their stout line, built about the battering Mike Brumbelow, held the opposition to 33 points.

Played Continuous Game.
Most of the 25,000 faithful who shivered and shook through the climactic tilt at Fort Worth were convinced the Frogs deserved the championship, won after seven years of persistent battling. They saw the grey eleven play coutious football for almost three quarters. saw the grey eleven play couldus football for almost three quarters, apparently content to accept a accreics ite as long as it carried the championship with it. Then, when the wiry Mustangs had struck for the championship with it. Then, when the wiry Mustangs had struck suddenly to score by the aerial route, they saw the fighting Frogs forms back like a whirlwind to battle their opponents off their feet and push across the tying touchdown late in the final period. They had the power when disaster stared them in the face.

That final desperate rally on the Frogs was a fitting climax to their story-book career this season. Three months ago the Christians were regarded as third or fourth blace possibilities by a majority of sritics. It was known the school had a nice batch of football players coming up, but few believed that Francis Schmidt would be able its whip thef into title contenders.

Always Had Punch.

Throughout the season the Christians had the punch at the critical moment. They apparently were predestined to win. Cy Leland came through with a pair of glorious galdeps to defeat Texas University and the Texas Aggies. When he was cheeked, Grubbs always was ready to step into the starring role, as in the final bout Saturday. Harlos Green, sophomore who had been only a medicere placement kicker until this/year, blossomed into the monterence's deadliest in that demanderence's deadliest in that demanderenc

through the bars to tie the Mustangs.

Leland's failure to get loose in the ibig tussle cost him conference sporing honors. While he was being hog-tied by the Methodists, agree or less, Jake Wilson, Bayjor quarterback, was scoring two treatments to lead his team to a hissing victory over Rice, 19 to 0 at Houston.

Wilson finished with 14 touchdewns and one extra point for a touchdowns for 78 points. Miller of Atlanasa took third place with two players got their names in the searing record. There was not a magic field goal all season.

Poor teamwork in the first part of the game gave the Rice Independents the advantage over the badly disorganized local quint, which never really showed any of the old time form until the last three minutes of play.

CHICAGO, Dec. 2.-(P)-With the football season over and the bas-ketball season only in the prelim-inary practice stage, "What will become of Iowa" is the big topic o, discussion in the Big Ten.

discussion in the Big Ten.

Iowa's petition for reinstatement to compete in the Western conference will be presented to the faculty committee on athletics in Chicago Friday and Saturday.

Out of the discussion of whether Iowa will be reinstated have grown numerous rumors. One says Iowa will not be forgiven and taken back into the group as an athletic opponent, because athletic directors of three universities, A. A. Stagg of Chicago, Fielding H. Yost of Michigan and George Huff of Illinois, are opposed to readmitting Iowa.

Another report, also lacking substantiation, says Iowa will be returned to good standing because several other schools are equally guilty and the whole matter will be hushed up.

The State Home Lads, champions players as Harold Green, Oscar Bird. Tom Eady, Fred Tyner, Than neers that the second state of of District 14B, University of Texas Interscholastic League for the sec-ond year in succession, meet the Mart eleven Friday afternoon in Mart for the bi-district crown, J. S. Halley, superintendent of the Home stated Monday morning.

The Mart team breezed through competition for their championship, and are due to give the State Home Lads a great game for the bi-district title, which carries wth it the right to play for the regional championship. The highest honor that can be bestowed upon a Class B team in the state is the regional championship.

The Lads are reported to be in fine condition for the fray, coming out of the game with Groesbeck with no major injuries, and are "rearing to go" for the bi-district

With Hobbs, potential all-county material and star pivot man for the high school quint, leading the scoring with six field goals, the Rice team had a lead from the first, and only in the final three minutes of play did the Triangles threaten the small lad, winning in the last minute when Bird tossed a long field goal from the center of the court.

In the near future, the Triangles will pit their speed and knowledge of the game against premier independent teams in the surrounding vicinity, matching games with teams from Athens. Waco, Dallas, Grand Saline and other outstanding basketball centers. In the last season, the Triangles played numerous aggregations, including the Baylor Freshmen, Grand Saline, Waco Y. M. C. A., Athens high school, and Dallas independent teams.

The premier independent team of The premier independent team of Navarro county will lose the services of Bill Smith at forward this season, but according to reports going round, there will be a player in uniform that will be as good as Bill this season. If the team should get together and play the kind of basketball that it can, the season mous one-ton line. Texas and Rice lose nine each; Texas Aggies seven, and Baylor only two.

Among the above mentioned play Among the above mentioned players there are at least three, in our opinion, that would make any college team in the state a good man, namely, Harold Green, Tom Eady and Oscar Bird, with Fred Tyner a fourth possibility as college material. Green, Bird, Eady and Tyner are the mainstays of the team and are in fighting at all times.

The State Home Lassies, winner of second place in last year's tourney, are expected to start practice in the near future, and are again rated as one of the best in the county. The Lassies play a fast game, featured by close guarding and sensational goal tossing by Dorothy Hamblin, star forward.

The season that was brought to an Arctic climax Saturday by No-tre Dame's ninth straight triumph, at the expense of the gallant Army team, was in many respects the most remarkable in the high great American college sport. The tumult from early October to the last day of November was punctuated by the famous Carnegie report of commercialism, by astounding individual performances and long-run thrills despite the new fumble rule, by record-grashing crowds, by an unprecedented epidemic of so-called "breaks" in the big games and by the development of an unusual number of high class teams.

Plans are being made for staging the annual Y. M. C. A. Invitation tournament for Class B schools in Navarro county to be held Friday and Saturday, December 13 and 14, according to an announcement made Monday morning by C. F. Broughton, physical director. Letters inviting teams in the county to participate in the tourney have been sent to twenty-seven coaches, and at least inneteen or twenty are expected to enter.

The tournament, started two years ago, has rapidly developed into one of the high lights during the season for basketball teams, and as officially accepted as the opening of the season.

The Y. M. C. A. Triangles had a close call Friday evening, coming from behind to win a thrilling 25-2b battle from the Rice Independents, and thus keep their record clear of defeats by Navarro county aggregations since the organization of the Triangle outfit in 1926.

Lake Steamer Ashore.

OSWEGO, N. Y., Dec. 2.—(I)—The steamer Frandiadoc, Canadian registry, was aground on Main Duck faland, 26 miles from here, in Lake Ontario, with heavy seas sweeping fier today. The freighter, loaded with 2100 tons of grain and carrying a crew of about 18 men went ashore in a northwest gale yesterday.

The freighter Valley Camp of Cleeveland, was reported standing by. Coast guardsmen were on the scene this morning, but the heavy surf and rough water prevented them going to the freighter. Attempts also were made to reach a salvage and wrecking steamer at Kingston, Ont.

### GARNER DENIES HE STARTED INQUIRY INTO TARIFF BODY

WASHINGTON, Dec. 2.—(I)—Reresentative Garner of Texas, a democratic leader in congress, today denied as untrue a statement by John H. Kirby, Houston millionaire and president of the Southern Tariff Association, that he was responsible for inquiry by the senate lobby committee into activities of the association on the tariff. Last week J. A. Arnold, manager of the assocation, announced he had resigned, and Kirby asserted Garner had instigated the inquiry to get rid of Arnold. Garner, besides being democratic house leader, is the senior minority member of the ways and means committee which framed the tariff measure.

Garner said Kirby had paid him a "great compliment" in attributing

In his recent speech in Louisville, Ky, outilining a program for
waterways development, the president estimated the cost of carrying out his plans would result in
increasing the appropriations for
river and harbor work by \$10,000,000 a year, with additional funds
necessary when the St. Lawrence
river project was undertaken.

Almost twice as much for intracoastal canals and other internal
waterways is asked than was spent
last year and increased amounts are
estimated for the Mississippl river
system and lake harbors and channels. Seacoast harbors and channels. Seacoast harbors and channels call for less than expended
last year.

For the Mississippl river system
a total of \$20,812,760 is asked, as
compared with \$120,1670 expended last year.

For the Mississippl river system
there was available July 1 for improvements during the curent
year \$27,349,477.

Intracoastal canals and other internal waterways will require \$7,230,400 as compared with \$3,670,712 expended last year and \$6,150,100 expended last year.

Seacoast harbors and channels
will require \$18,970,510, compared

in New Zealand last spring and later disappeared from New York leaving a suicide note, has been found alive, working on the copy desk of the Amaha Bee-News.

The Bee-News said in a copyrighted story today that Brophy's identity was learned from a photograph showing him with Commander Byrd. Brophy, who had been working here as "C. Manning Mitchell," admitted his identity and left at once for New York, saying he intended to straighten out his affairs there.

Brophy disappeared from New York sat August leaving a note to his wife which said he was going to Coney Island "and walk into the waves until they cover me, and then I wil be no more." New York police after an investigation said they doubted Brophy had killed himself. Nothing was heard of him until the news editor of the Bee-News made the discovery yesterday that Bruphy and "Mitchell" were the same man.

"I only wanted to rest," Brophy explained. "My nerves were shattered."

Day With Mrs. Mulkey

So gladly we welcome the happy day that comes when the summer days, are o'er, when the scattered friends we love so well around the home hearth meet once more—to enjoy and express our gratitude as did the Pligrims who landed on American soil in the shin "Move flower" and who knelt out in the open and on the snow to give tnanks to God for the safe landing of their thip with the faithful Puritans from over the tempestuous and trackless Atlantic, through storms, hardships, hunger and cold for the privilege of freedom and liberty to worship God. They landed in a country of promise, in the snow and without shelter, and lifted their voices together in the first real heart felt Thanksgiving and which is now a national Thanksgiving and which is now a national Thanksgiving and which is now a mational Thanksgiving day by proclamation, and which the people of today love to celebrate, as did the Pligrims, in a day of fellowship and gratitude for their deliverance.

The decorations were of autumn flowers and colorfy leaves and berries. A big ship, the "Mayflower" with its load of Pligrims aboard, made a beautiful setting for the center piece on the long dining table, and especially featured the occasion.

### Chevrolet Success

### proves increasing popularity of the Six!

Since January 1st, more than a million three hundred thousand six-cylinder Chevrolets have been delivered.

This great volume of business has broken many records — both for Chevrolet and for the automotive industry at large.

It is a greater volume of business than Chevrolet has ever obtained in any previous year.

It has won for Chevrolet for the third consecutive time the coveted honor of first place at the National Automobile Shows.

It has brought undisputed sales leadership to the six-cylinder field for the first time since the automotive industry began. For sixcylinder sales during 1929 will greatly exceed those of any other There are many reasons for the great success of the Chevrolet Six —reasons which every buyer of a low-priced car should pause to consider.

Chevrolet has made available to everyone the marked advantages of six-cylinder performance. Due to the great resources of General Motors, it is a Six in the price range of the four.

It is a thoroughly modern automobile, in design, in performance and in appearance.

It offers the beauty and comfort of bodies by Fisher.

And it is as economical to operate as a four-cylinder car.

In view of these facts ,it is easy to see why the Chevrolet Six is winning such wide public accept-

Counsel for Woman In Tunney Suit Has Filed New Demurrer

(P)-Frank L. Wilder of this city today set at rest rumors of with-

promise suit brought by Katherine Fing Fogarty of New York City Fort Worth, Texas, against James J. (Gene) Tunney, retired when he filed a demurrer in superior court in behalf of his client. Wilder demurred to a crosscomplaint of malicious prosecution entered in behalf of counsel for Tunney. The cross complaint is based upon allegations that she at one time signed releases for any claims she might have against Tunney and that in bringing the present action she violated the terms of those releases.
